Welcome back!

Dear Parents,

It has been great to welcome the children back this week and we were very pleased that only five pupils out of the whole school were unable to attend on the first day. It has been lovely to see the school full of children after such a long time.

This week we have been happy for parents to take their child into their new classrooms but from Monday, parents must let their children walk in from the school gates by themselves.

At the end of the school day, parents must wait behind the green and white line outside the classrooms so that we can keep everyone socially distanced and safe.

It is not necessary for children to bring in their own hand gel as the school has plenty for everyone!

We look forward to a fantastic new term with some great learning.
