Flu Immunisations

Your child's annual nasal flu spray is now due.

The Kent and Medway School Immunisation Team will be visiting the school on **24th November 2020**.

Please complete the online consent form marking whether you consent or decline consent for your child to have the vaccination at

<https://www.kentcht.nhs.uk/forms/imms-consent-form/> before **19th November 20**.

To access the consent form you will need to enter the school unique reference number (URN) which is below:

School URN: 118750

The NHS team cannot accept late consents. However, you can call to book your child into a community clinic.

The nasal flu spray is a pain-free, quick and simple spray up the nose. Having the vaccine will help protect your child from what can be a very nasty illness in children.

It will reduce the chance of others in your family, who could be at greater risk from flu, such as grandparents or those with long term health conditions, getting flu from your child. This year, helping to protect them against flu is particularly important as COVID-19 is still circulating because people at risk from flu are also vulnerable to the complications of COVID-19.

Please make sure you complete the online consent form whether you want your child to have the vaccination or not.

Thank you

Reminder for all parents

Please may we remind you to ensure your child has their packed lunches, PE kit, glasses etc.. when they come into school. The office staff should not enter class bubbles, therefore, they are unable to pass items on.

Thank you

I really enjoyed doing this with my child – it will help to build their confidence.
