- The setting will establish and embed a whole school culture and will raise awareness and promote safe and responsible internet use amongst learners by:
 - Ensuring our curriculum and whole school approach is developed in line with the UK Council for Internet Safety (UKCIS) '[Education for a Connected World Framework](#)' and DfE '[Teaching online safety in school](#)' guidance and statutory RSHE guidance 2019.
 - Ensuring online safety is addressed in Relationships Education, Relationships and Sex Education, Health Education, Citizenship and Computing programmes of study. Some useful online safety programmes we use in school include: [Think You Know](#), [Childnet](#), [Digital Literacy Scheme of Work](#), [Internet Matters](#), [BBC Bitesize](#)
 - Reinforcing online safety messages whenever technology or the internet is in use.
 - Implementing appropriate peer education approaches e.g. through our 'buddy' meetings.
 - creating a safe environment in which all learners feel comfortable to say what they feel, without fear of getting into trouble and/or being judged for talking about something which happened to them online.
 - involving the DSL (or a deputy) as part of planning for online safety lessons or activities, so they can advise on any known safeguarding cases, and ensure support is in place for any learners who may be impacted by the content.
 - making informed decisions to ensure that any educational resources used are appropriate for our pupils.
 - using external visitors, where appropriate, to complement and support our internal online safety education approaches. See '[Using External Visitors to Support Online Safety Education: Guidance for Educational Settings](#)' guidance.
 - providing online safety education as part of the transition programme from Year 6 to 7.
 - At St Peter's we recognise that online safety and broader digital resilience must be thread throughout the curriculum and that is why we are working to adopt the cross-curricular framework 'Education for a Connected World– 2020 edition' from UKCIS (the UK Council for Internet Safety).

- ensuring age appropriate education regarding safe and responsible use precedes internet access.
- teaching learners to evaluate what they see online and recognise techniques used for persuasion, so they can make effective judgements about if what they see is true, valid or acceptable.
- educating them in the effective use of the internet to research, including the skills of knowledge location, retrieval and evaluation.
- enabling them to understand what acceptable and unacceptable online behaviour looks like.
- preparing them to identify possible online risks and make informed decisions about how to act and respond.
- ensuring they know how and when to seek support if they are concerned or upset by something they see or experience online.

5.1.1 Vulnerable Pupils

- St Peter-in-Thamet CEJ School is aware that some pupils are considered to be more vulnerable online due to a range of factors and vulnerability can fluctuate depending on their age, developmental stage and personal circumstances. This may include, but is not limited to children in care, children with Special Educational Needs and Disabilities (SEND) or mental health needs, children with English as an additional language (EAL) and children experiencing trauma or loss.
- The school will ensure that differentiated and ability appropriate online safety education, access and support is provided to vulnerable pupils.

 - Requiring them to read the school AUP and discuss its implications with their children.

6. Reducing Online Risks

- St Peter-in-Thanel CEJ School recognises that the internet is a constantly changing environment with new apps, devices, websites and material emerging at a rapid pace. We will:
 - Regularly review the methods used to identify, assess and minimise online risks.
 - Examine emerging technologies for educational benefit and undertake appropriate risk assessments before use in school is permitted.
 - Ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that users can only access appropriate material.

- All members of the school community are made aware of the school's expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments, images or videos which could cause harm, distress or offence to members of the community. This is clearly outlined in the school's AUP and highlighted through a variety of education and training approaches.

- St Peter-in-Thanel CEJ School governors and leaders have ensured that the school has age and ability appropriate filtering and monitoring in place, to limit children's exposure to online risks.
- The governors and leaders are aware of the need to prevent "over blocking", as that may unreasonably restrict what children can be taught, with regards to online activities and safeguarding.
- The school's decision regarding filtering and monitoring has been informed by a risk assessment, taking into account our school's specific needs and circumstances.

- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.

- The school works with 'Talk-Straight Schools Broadband' and 'Netsweeper' to ensure that our filtering policy is continually reviewed.

Dealing with Filtering breaches

- The school has a clear procedure for reporting filtering breaches.
 - If pupils discover unsuitable sites, they will be required to minimise the laptop screen or press the Home button on an iPad and talk to the member of staff. If the pupil has seen unsuitable content, they will need to be reassured by a member of staff.
